CLAY BODYS

Product Name & Code		Picture		Specifications		Description		
S101 Red Terracotta				Colour: Red Texture: Smooth Firing Range: 1080° - 1180° Methods: Throwing, Modelling, Casting		Red Terracotta is ideal for a variety of ceramic techniques, including wheel throwing, hand-building, and sculpting. Its superior plasticity allows for easy shaping and intricate detailing. This clay body is suitable for both beginners and experienced artists.		
Price (Exc VAT)	12.5kg	£9.30	100kg	£65.10	250kg	£144.15	500kg	£251.10
Price (Inc VAT)		£11.16		£78.12		£172.98		£301.32

S102 Grogged Red Terracotta				Colour: Red Texture: Smooth Textured Firing Range: 1080° - 1180° Methods: Throwing, Modelling		Grogged terracotta is perfect for ceramic artists who require a robust and reliable material for their work. The 10% grog content makes it ideal for throwing larger forms and hand-building substantial pieces.		
Price (Exc VAT)	12.5kg	£9.80	100kg	£68.60	250kg	£151.90	500kg	£264.60
Price (Inc VAT)		£11.76		£82.32		£182.28		£317.52

S104 B17C				Colour: Pale Buff Texture: Smooth Firing Range: 1120° - 1280° Methods: Throwing, Modelling, Casting		B17C is favoured among ceramicists for its adaptability. Whether throwing or hand-building, B17C provides exceptional workability and consistency. Its smooth texture and reliable performance under firing make it a preferred choice.		
Price (Exc VAT)	12.5kg	£13.20	100kg	£95.04	250kg	£211.20	500kg	£382.80
Price (Inc VAT)		£15.84		£114.05		£253.44		£459.36

S106 Crank				Colour: Pale Buff Texture: Coarse Textured Firing Range: 1120° - 1280° Methods: Hand-building, slab building, modelling		Crank stoneware is highly versatile and robust, ideal for medium-sized sculptural and slab work. The grog provides structural support, reducing the risk of warping and cracking. Its coarse texture supports modelling and the creation of sturdy forms.		
Price (Exc VAT)	12.5kg	£15.85	100kg	£114.12	250kg	£253.60	500kg	£459.65
Price (Inc VAT)		£19.02		£136.94		£304.32		£551.58

S107 School Buff				Colour: Buff Texture: Smooth Firing Range: 1120° - 1280° Methods: Throwing, Modelling, Casting		School Buff is an exceptional general-purpose modelling clay. School Buff is renowned for its versatility, providing artists with the ideal balance of durability and ease of use, making it suitable for a wide range of ceramic techniques.		
Price (Exc VAT)	12.5kg	£11.80	100kg	£82.60	250kg	£182.90	500kg	£318.60
Price (Inc VAT)		£14.16		£99.12		£219.48		£382.32

S108				Colour: Buff Texture: Smooth Textured Firing Range: 1120° - 1280° Methods: Throwing, Modelling		Grogged school buff is perfect for both hand-building and wheel-throwing. The added grog enhances the clay's durability. This clay provides flexibility, strength, and a unique toasty finish that bring your creative vision to life.		
Price (Exc VAT)	12.5kg	£12.45	100kg	£87.15	250kg	£192.98	500kg	£336.15
Price (Inc VAT)		£14.94		£104.58		£231.58		£403.38

S110				Colour: Off White Texture: Smooth Firing Range: 1080°-1250° Methods: Throwing, Modelling, Casting, hand- building		KGM is a versatile stoneware with a broad firing range. It is highly adaptable and works well with a variety of techniques including throwing and hand-building. When fired at earthenware temperatures, it reveals a warm cream colour.		
Price (Exc VAT)	12.5kg	£14.75	100kg	£106.20	250kg	£236.00	500kg	£427.75
Price (Inc VAT)		£17.70		£127.44		£283.20		£513.30

S112				Colour: Off White Texture: Smooth Textured Firing Range: 1120° - 1280° Methods: Throwing, Modelling		White Fleck Stoneware Clay Body is designed for ceramic artists seeking a visually striking finish. Its pronounced speckle pattern contrasts beautifully with the clay's smooth, creamy texture adding depth and character.		
Price (Exc VAT)	12.5kg	£15.35	100kg	£110.52	250kg	£245.60	500kg	£445.15
Price (Inc VAT)		£18.42		£132.62		£294.72		£534.18

S114				Colour: White Texture: Very Smooth Firing Range: 1220° - 1280° Methods: Throwing, Modelling		Audrey Blackman porcelain is perfect for ceramic artists focused on modelling and throwing. Its high plasticity allows for the creation of delicate and refined pieces. It has remarkable whiteness and translucence which enhances the aesthetic appeal.		
Price (Exc VAT)	12.5kg	£27.40	100kg	£212.62	250kg	£479.50	500kg	£849.40
Price (Inc VAT)		£32.88		£255.14		£575.40		£1,019.28

S116				Colour: Off White Texture: Smooth Firing Range: 1080° - 1160° Methods: Throwing, Modelling, Slab building		LF White Earthenware is a premium off-white clay body known for its wide firing range. This clay ensures consistent and reliable performance across various firing temperatures, providing a robust and versatile medium for ceramicists.		
Price (Exc VAT)	12.5kg	£16.05	100kg	£121.98	250kg	£280.88	500kg	£497.55
Price (Inc VAT)		£19.26		£146.38		£337.06		£597.06

S116/G				Colour: Off White Texture: Smooth Textured Firing range: 1080° - 1180° Methods: Throwing, Modelling		Grogged White Earthenware is well-suited for projects that demand resilience and structural integrity, such as hand-building and sculpting larger forms. Its enhanced resistance to thermal shock and mechanical stress ensures reliable performance.		
Price (Exc VAT)	12.5kg	£18.85	100kg	£143.26	250kg	£329.88	500kg	£584.35
Price (Inc VAT)		£22.62		£171.91		£395.86		£701.22

S118				Colour: White Texture: Very Smooth Firing Range: 1220° - 1280° Methods: Throwing, Modelling		Royale Porcelain is specifically formulated for potters who need a versatile and responsive clay for throwing and modelling. Its high plasticity allows for smooth, intricate shaping.		
Price (Exc VAT)	12.5kg	£24.75	100kg	£192.06	250kg	£433.13	500kg	£767.25
Price (Inc VAT)		£29.70		£230.47		£519.76		£920.70

CWE				Colour: Off White Texture: Smooth Firing Range: 1080° - 1160° Methods: Throwing, Modelling, Slab building		CWE is perfect for various ceramic techniques including wheel throwing and slab building. It's superior plasticity allows for effortless shaping and molding. This clay's composition ensures excellent workability throughout the forming process.		
Price (Exc VAT)	12.5kg	£15.95	100kg	£121.22	250kg	£279.13	500kg	£494.45
Price (Inc VAT)		£19.14		£145.46		£334.96		£593.34

ES5				Colour: Off White Texture: Smooth Textured Firing Range: 1120° - 1280° Methods: Throwing, Modelling, Slab building		ES 5 is has superb throwing capabilities make it perfect for creating large, intricate pieces on the wheel, while its smooth consistency and added Molochite ensure excellent performance in press moulding and slab building techniques.		
Price (Exc VAT)	12.5kg	£18.80	100kg	£142.88	250kg	£329.00	500kg	£601.60
Price (Inc VAT)		£22.56		£171.46		£394.80		£721.92

ES10				Colour: Off White Texture: Smooth Firing Range: 1120° - 1280° Methods: Throwing, Casting		ES10 extra smooth is designed to perform across multiple ceramic techniques, from wheel throwing to casting. The smooth texture ensures it handles intricate details and decorative applications with ease, providing a consistent and refined surface.		
Price (Exc VAT)	12.5kg	£18.70	100kg	£142.09	250kg	£327.18	500kg	£598.27
Price (Inc VAT)		£22.44		£170.51		£392.62		£717.92

ES950				Colour: Grey Texture: Smooth Textured Firing Range: Air-Drying Methods: Hand-building, Modelling		ES 950 is ideal for educators, students, and artists looking for a high-quality, kiln-free clay. Its superior workability makes it perfect for hand-building, sculpting, and model-making, while its reinforced fibre content enhances durability and reduces breakage.		
Price (Exc VAT)	12.5kg	£27.50	100kg	£209.04	250kg	£481.20		
Price (Inc VAT)		£33.00		£250.85		£577.44		

PF520				Colour: White Texture: Medium Textured Firing Range: 900° - 1280° Methods: Throwing, Modelling, Hand-Building, Raku		PF 520 is a robust and reliable clay body for raku firing. Its high Molochite content provides structural integrity to endure rapid temperature changes. This clay is highly resistant to warping and cracking.		
Price (Exc VAT)	12.5kg	£25.30	100kg	£192.24	250kg	£442.80		
Price (Inc VAT)		£30.36		£230.69		£531.36		

PF700				Colour: White Texture: Smooth Firing Range: 1180° - 1300° Methods: Throwing, Modelling, Casting		PF700 is ideal for ceramic artists and potters who seek a reliable, white clay body that mimics the appearance of porcelain while being easier to handle. It can be used for various techniques, including throwing, jigger and jollyng, pressing and modelling.
Price (Exc VAT)	12.5kg	£21.30	100kg	£161.88	250kg	£372.75
Price (Inc VAT)		£25.56		£194.26		£447.30

ES400				Colour: Off White Texture: Smooth Firing Range: 1080° - 1180° Methods: Modelling, Hand-building		ES400 is ideal for medium hand-built work, offering a smooth and consistent texture. The inclusion of paper fibres provides added strength, reducing the risk of cracking and warping.
Price (Exc VAT)	5kg	£15.00	25kg	£67.50	100kg	£247.50
Price (Inc VAT)		£18.00		£81.00		£297.00

ES600				Colour: White Texture: Smooth Firing Range: 900° - 1280° Methods: Modelling, Hand-building		ES600 is perfect for small to medium hand-built work, offering a smooth and consistent texture that enhances the creation process. The inclusion of paper fibres provides added strength, reducing the risk of cracking and warping.
Price (Exc VAT)	5kg	£19.00	25kg	£85.50	100kg	£313.50
Price (Inc VAT)		£22.80		£102.60		£376.20

Schwarz				Colour: Grey/Black Texture: Smooth Textured Firing Range: 1000° - 1240° Methods: Modelling, Throwing		Schwarz clay is perfect for artists who need a versatile and robust material. It is suitable for both detailed and large-scale projects and performs very well on the wheel. Whether hand-building or throwing, Schwarz offers great plasticity and durability.
Price (Exc VAT)	10kg	£20.35	100kg	£193.30	250kg	£445.25
Price (Inc VAT)		£24.42		£231.96		£534.30
